## **1. INTRODUCTION**

- 1.1. Managing conflicts of interest appropriately is essential for protecting the integrity of the NHS commissioning system and for protecting individual CCGs and GP practices from any perceptions of wrongdoing. Conflicts of interest are not possible to avoid in all instances, however, recognising where and how they arise and dealing with them appropriately will enable the CCG to demonstrate proper governance and decision making with regard to the use of public funds.
- 1.2. To support CCGs in this area, NHS England issues statutory guidance under Sections 140 and 14Z8 of the Health and Care Act 2012. This policy has been developed in accordance with that guidance.
- 1.3. This policy respects the seven principles of public life promulgated by the Nolan Committee. The seven principles are:
  - selflessness
  - integrity
  - objectivity
  - accountability
  - openness
  - honesty
  - leadership

## **2. PURPOSE**

- 2.1. This policy sets out how Berkshire West CCG will manage conflicts of interest arising in respect of the following:-
  - the work of a CCG employee or officer of the CCG
  - the work of the Governing Body, the CCG Committees, delegated committees and other key groups
  - the procurement of services

## **3. ROLES AND RESPONSIBILITIES**

### **3.1. The Governing Body**

The Governing Body has a legal obligation to act in the best interests of the CCG, and in accordance with the group's constitution, and to avoid situations where there may be a potential conflict of interest.

The Governing Body of the CCG has ultimate responsibility for all actions carried out by staff and committees throughout the CCG's activities. This responsibility includes the stewardship of significant public resources and the commissioning of healthcare to the community.

The Governing Body is responsible for approving this policy (though may delegate detailed consideration to another committee or group). The Governing Body receives assurance via the Audit Committee that the CCG is compliant with the policy and with the latest NHS England Managing Conflicts of Interest Statutory Guidance.

### **3.2. Chief Officer (Accountable Officer)**

The CCG Chief Officer as Accountable Officer has overall responsibility for ensuring that this policy and supporting systems and processes are in place. Together with the CCG Audit Committee Chair, the Chief Officer will provide formal attestation to NHS England each quarter that the CCG is compliant with the latest NHS England Managing Conflicts of Interest Statutory Guidance.

### **3.3. Conflicts of Interest Guardian (Audit Committee Chair)**

The Audit Committee Chair will act as the CCG Conflicts of Interest Guardian. Supported by the Governing Body Secretary / Head of Corporate and Governance, the Conflicts of Interest Guardian will:-

- Act as a conduit for GP practice staff, members of the public and healthcare professionals who have any concerns with regards to conflicts of interest policy;
- Support the rigorous application of conflict of interest principles and policies;
- Provide independent advice and judgment where there is any doubt about how to apply conflicts of interest policies and principles in an individual situation;
- Provide advice on minimising the risks of conflicts of interest.

Together with the CCG Chief Officer, the Audit Committee Chair will provide formal attestation to NHS England annually and quarterly that the CCG is compliant with the latest NHS England Managing Conflicts of Interest Statutory Guidance.

### **3.4. Audit Committee**

The CCG Audit Committee will provide assurance to the Governing Body that the process for managing conflicts of interest is regularly reviewed and that it is in line with statutory Guidance. It will do this by:

- Review of the conflicts of interest registers as a minimum on an *annual* basis
- Review of reports of potential breaches of this policy and how they have been handled
- Review of associated reports as required

### **3.5. Governing Body Secretary & Head of Corporate Affairs and Governance**

The Governing Body Secretary will be responsible for maintaining the register of interests and ensuring that these are publicly available. The Governing Body Secretary will support staff by dealing with queries and issues, and engaging the Conflicts of Interest Guardian when appropriate.

### **3.6. Chairs of Committees**

Chairs of all Committees are responsible for ensuring that they manage relevant declarations of interest made at each meeting in line with this policy.

### **3.7. Executive Directors and Senior Managers**

Executive Directors and Senior Managers should ensure that all members of staff are aware of this policy and the processes to be followed.

### **3.8. All staff and officers of the CCG**

CCG employees, members of the Governing Body and members of Councils of Practices should ensure that they familiarise themselves with this Policy and ensure that they comply with the processes and procedures

set out within the document, in particular the regular declaration of conflicts of interest and offers of gifts and hospitality.

## **4. CONFLICTS OF INTEREST**

### **4.1. Managing Conflicts of interest**

4.1.1. A conflict of interest occurs where an individual's ability to exercise judgement or act, in the context of delivering, commissioning in one role is, or could be, impaired or otherwise influenced by his or her involvement in another role or relationship. In some circumstances, there could be public perception that a conflict exists even when there is no actual conflict. In these cases it is important to still manage these perceived conflicts in order to maintain the trust of the public.

4.1.2. Conflicts of interest can arise in many situations, environments and forms of commissioning, with an increased risk in primary care commissioning, out-of-hours commissioning and involvement with integrated care organisations, as clinical commissioners may here find themselves in a position of being at once commissioner and provider of services. Conflicts of interest can arise throughout the whole commissioning cycle from needs assessment, to procurement exercises, to contract monitoring.

4.1.3. The individual does not need to exploit his or her position or obtain an actual benefit, financial or otherwise for there to be a conflict of interests. A potential for competing interests and/or a perception of impaired judgement or undue influence can also be a conflict of interest. An individual may also have a conflict as a result of interests associated with partners or close family members.

4.1.4. Types of conflicts of interest that can arise include the following:-

- direct financial interest
- indirect financial interest
- non-financial personal interest
- non-financial indirect interests

### **4.2. Direct Financial Interest**

4.2.1. This is the most recognisable conflict of interest and arises when a Governing Body or staff member obtains, or is perceived to obtain, a direct financial benefit over and above the agreed remuneration and terms of service package. Examples include:-

- the award of a contract to a company or other business with which a governing body member is involved
- the sale of assets at below market value to a Governing Body member
- the commissioning of enhanced services from GPs

### **4.3. Indirect Financial Interest**

4.3.1. This arises when a close relative of a Governing Body or staff member benefits from the decisions of the CCG. They will benefit indirectly if their financial affairs are bound with those of the relative in question through the legal concept of 'joint purse', as would be the case if the relative were the spouse, partner, dependent child of the Governing Body member, or directly connected in some other way. For example, the Governing Body or staff member being involved in a decision to award a contract to an organisation where the member's spouse is a director.

#### **4.4. Non-Financial Personal Interest**

4.4.1. These occur where Governing Body or staff members receive no financial benefit, but are influenced by external factors. For instance:

- to gain some other intangible benefit or kudos
- awarding contracts to friends or personal business contacts

#### **4.5. Non-Financial Indirect Interest**

4.5.1. Governing Body or staff members may have competing loyalties between the CCG to which they owe a primary duty (when acting in their capacity as Governing Body or staff members) and some other person or entity, including their GP practice, and patients.

#### **4.6. Family members or close associates**

Conflicts of interest may also arise where an individual has a close association with another individual who would stand to benefit from a decision they are involved in making. These associations may arise through relationships with close family members and relatives, close friends and associates, and business partners. It would be unrealistic to expect staff to know of all interests that people in these classes might hold. However, if staff do know of material interests, then these should be declared.

#### **4.7. Registers of Interest**

4.7.1. The CCG will maintain one or more registers of interest of:

- The members of the group (those who are members of or regularly attend Council of Practices),
- Members of the governing body,
- Members of the committees or sub-committees of its governing body, and
- Employees.

A proforma Register of Interests is attached at Appendix 1.

4.7.2. The registers will be reported as a minimum annually to Audit Committee. Following that meeting they will be published on the CCG websites and will be accessible to the public.

4.7.3. A member of staff may make representations that information on their interests should not be published. This is where the public disclosure of information could give rise to a real risk of harm or is prohibited by law. Decisions not to publish information must be made by the Conflicts of Interest Guardian for the CCG, who should seek appropriate legal advice where required, and the CCG should retain a confidential un-redacted version of the register(s).

#### **4.8. Declarations of Interest**

4.8.1. Staff and officers of the CCG are required to declare any relevant and material interests, and any gifts or hospitality offered and received in connection with their role in the CCG. Interests that should be declared include:-

- any directorships of companies likely to be engaged with the business of the clinical commissioning group
- previous or current employment or consultancy positions

- voluntary or remunerated positions, such as trusteeship, local authority positions, other public positions
- membership of professional bodies or mutual support organisations
- investments in unlisted companies, partnerships and other forms of business, major shareholdings and beneficial interests
- gifts or hospitality offered by external bodies and whether this was declined or accepted in the last twelve months
- donations (a charitable financial payment) in the form of cash or through the application of a will or similar directive
- any other conflicts that are not covered by the above

4.8.2. It is not possible to define all instances in which an interest may be a real or perceived conflict. It is for each individual to exercise their judgement in deciding whether to register any interests that may be construed as a conflict. Individuals can seek guidance from the Director responsible for Corporate Governance (the CFO), the Head of Corporate Affairs, the Governing Body Secretary or the Conflicts of Interest Guardian, but may decide to declare when in doubt.

4.8.3. A declaration of interests form is attached at Appendix 2.

4.8.4. The declaration of interests form must be completed in the following instances:-

#### **4.9. On Appointment**

4.9.1. Applicants for any appointment to the CCG or its Governing Body or its Committees are required to declare any relevant interests. If any potential conflicts of interests arise these will be considered on a case by case basis.

4.9.2. If it is considered that any individual has a material interest in an organisation which provides/is likely to provide substantial business to the CCG they shall not be entitled to be a member of the Governing Body. A material interest can be defined as being so significant that the individual would be unable to make a full and proper contribution to the Governing Body as this interest would preclude them from having involvement in the majority of discussions and decisions.

#### **4.10. Six-monthly refreshment**

4.10.1. The CCG is required to have systems in place to satisfy themselves as a minimum on an *annual* basis that their register of interests is accurate and up-to-date. Declarations of interest should be obtained from all relevant individuals at least annually, staff are prompted to update their declarations of interest, or, make a “nil return” where there are no interests or changes to declare.

#### **4.11. Change of Role or Responsibility**

4.11.1. Where an individual changes role or responsibility within the CCG or at the beginning of a new project/piece of work or its Governing Body, any change to the individual’s interests should be declared. Regular email reminders will be sent to all CCG employees on a quarterly basis to ensure that the registers are kept up to date.

#### **4.12. Other Change of Circumstances**

4.12.1. Where an individual’s circumstances change in a way that affects their interests (e.g. where an individual takes on a new role outside the CCG or sets up a new business or relationship), a further declaration should be made to reflect the change in circumstances. This could involve a conflict of interest ceasing to exist or a new one materialising.

#### **4.13. At meetings of the Governing Body and Primary Care Commissioning Committee**

4.13.1. For Governing Body and Primary Care Commissioning Committee, existing declarations are incorporated within the meeting 'Sign-in' sheet for review and updating by the relevant member at each meeting.

4.13.2. All members of the Governing Body and delegated Committees and Programme Boards are additionally required to state aloud any interests in any particular agenda item at the beginning of the meeting, or before that item is discussed, or as soon as it becomes apparent that the interest exists. Declarations of interest will be recorded in minutes of meetings accordingly.

#### **4.14. Handling conflicts - decisions taken with an Interest**

4.14.1. It is important that the interests of those who are involved in Governing Body, delegated Committees and Programme Boards (strategic decision making groups) are well known to those involved. Chairs should consider any known interests of members in advance, and begin each meeting by asking for declaration of relevant interest. Members are required to declare their interests in relation to any items on the agenda at the start of each meeting and as they arise. The vice-chair (or other non-conflicted member) should chair all or part of the meeting if the Chair has an interest that may prejudice their judgement.

4.14.2. Where a member has an actual or potential interest the Chair should consider the following approaches and ensure that the action chosen is recorded in the minutes of that meeting.

- requiring the member to not attend the meeting
- ensuring that the member does not receive meeting papers relating to the nature of their interest
- requiring the member to not attend all or part of the discussion and decision on the related matter
- noting the nature and extent of the interest, but judging it appropriate to allow the member to remain and participate
- removing the member from the group or process altogether

It is considered that the response should not always be to exclude members with interests, as this may have a detrimental effect on the quality of the decision being made.

4.14.3. If the exclusion of a member on account of an interest results in loss of quorum, any necessary vote may be taken partially by email to obtain the vote of those members not present, and restore the quorum for that decision.

4.14.4. All decisions under a conflict of interest will be recorded by the Governing Body or Committee Secretary and reported in the minutes of the meeting. The report will record:

- the nature and extent of the conflict
- an outline of the discussion
- the actions taken to manage the conflict

4.14.5. Where a Governing Body member benefits from the decision, this will be reported in the annual report and accounts, as a matter of best practice. All payments or benefits in kind to Governing Body members will be reported in the CCG accounts and annual report, with amounts for each Governing Body member listed for the year in question.

#### **4.15. Primary Care Commissioning**

- 4.15.1. Primary care commissioning carries an increased risk of conflicts of interest, as clinical commissioners may find themselves in a position of being at once commissioner and provider of services.
- 4.15.2. The Primary Care Commissioning Committee has arrangements in place to mitigate this risk. GPs may not hold the position of Chair or Vice Chair (Its Chair is a lay member, and its Vice Chair is the Nurse Director). GPs may not vote on decisions relating to their own practices. These arrangements are declared to NHS England and are captured in the Committee Terms of Reference.

### **5. GIFTS AND HOSPITALITY**

#### **5.1. Registers of Gifts and Hospitality**

- 5.1.1. It is the responsibility of the CCG to ensure that robust processes are in place to make sure that individuals do not accept gifts or hospitality or other benefits, which might reasonably be seen to compromise professional judgement or integrity when undertaking activities for or on behalf of the CCG or their GP Practice.
- 5.1.2. The CCG will maintain one or more registers of gifts and hospitality. The Governing Body Secretary has operational responsibility for maintaining these registers and making them available to the public.
- 5.1.3. The obligation to declare any offer of gifts, hospitality and commercial sponsorship extends to all managers and staff employed by the CCG, the members of the Council of Practices, and the Governing Body

#### **5.2. Gifts**

- 5.2.1. A 'gift' is defined as any item of cash or goods, or any service, which is provided for personal benefit, free of charge or at less than its commercial value.
- 5.2.2. The overarching principle applying in all circumstances: Staff should not accept gifts that may affect, or be seen to affect, their professional judgement. All gifts of any nature offered to CCG staff, governing body and committee members and individuals within GP member practices by suppliers or contractors linked (currently or prospectively) to the CCG business should be declined, whatever their value.

Subject to this, low cost branded promotion aids may be accepted where they are under the value of common industry standard of £6 in total, and need not be declared.

- 5.2.3. Gifts from other sources (e.g. patients, families, service users):
- Gifts of cash and vouchers to individuals should always be declined
  - Gifts valued at over £50 should be treated with caution and only accepted on behalf of an organisation, not in a personal capacity. These should be declared by staff.
  - Modest gifts accepted under a value of £50 do not need to be declared. A common sense approach should be applied to the valuing of gifts.
  - Multiple gifts from the same source over a 12 month period should be treated in the same way as single gifts over £50 where the cumulative value exceeds £50.
- 5.2.4. In principle all members of staff, where possible, are required to submit a formal request using the Gifts and Hospitality form (Appendix 2) before accepting any offer of gifts or hospitality.

### **5.3. Hospitality offered by others to the CCG**

5.3.1. Modest hospitality is an accepted courtesy of a business relationship. However, the CCG or individual receiving the hospitality should never put themselves in a position where there could be any suspicion that their business decisions could have been influenced by accepting hospitality from others.

5.3.2. Hospitality is defined as meals, refreshments, travel, accommodation and other expenses in relation to attendance at meetings, conferences, education and training events etc. These may be accepted where they are moderate and in keeping with what is normal in public sector business relationships and where, as far as it can reasonably be assessed by the potential receiver, will not be deemed by others (and in particular by members of the general public) to influence a business decision.

Meals and refreshments:

- Under a value of £25 – may be accepted and need not be declared
- Of a value between £25 and £75 – may be accepted and must be declared
- Over a value of £75 – should be refused unless (in exceptional circumstances) senior approval is given

Travel and accommodation:

- Modest offers to pay some or all of the travel and accommodation costs related to attendance at events may be accepted and must be declared
- Offers which go beyond modest, should only be accepted in exceptional circumstances require senior staff approval, and must be declared

5.3.3. Hospitality should be recorded in the Gifts & Hospitality Register. The Gifts & Hospitality Register in Appendix 2 should be completed and returned to the Governing Body Secretary.

### **5.4. Hospitality offered by the CCG to others**

5.4.1. The use of NHS funds for hospitality should be carefully considered. All expenditure on these items should be capable of justification, to both internal and external auditors, as reasonable in light of accepted practice in the public sector

## **6. COMMERCIAL SPONSORSHIP**

### **6.1 Sponsored events**

Sponsorship of NHS events by external parties offering to meet some or part of the costs of running an event for the benefit of NHS staff and patients is valued. The CCG is therefore required to ensure that proper safeguards are in place to prevent conflicts occurring. All appropriate guidance is to be adhered to and records regarding sponsored events in line with the principles and rules are to be maintained in accordance with NHS England guidance.

### **6.2 Sponsored research**

Whilst research is vital in helping the NHS to transform services and improve outcomes, funding sources for research purposes must be transparent and go through the relevant health research authority or other approvals process. There must be a written protocol and written contract between staff, the organisation, and/or institutes at which the study will take. Staff must declare involvement with sponsored research on the declaration of interests form attached as Appendix 2.

### 6.3 **Sponsored posts**

Sponsored posts are positions within an organisation that are funded, in whole or in part, by organisations external to the NHS. However, safeguards are required to be put in place to ensure that deployment of sponsored posts does not cause a conflict of interest between the aims of the sponsor and the aims of the organisation, particularly in relation to procurement and competition. Written records of sponsorship of posts in line with the principles and rules are to be retained and any declarations as a result of their association with the sponsor are to be declared.

## 7. **WORKING FOR OTHER ORGANISATIONS WHILE EMPLOYED BY THE CCG**

7.1 An individual member of staff can choose to work for another organisation in their own time and be paid a fee/salary for such work. This work will be considered separate to the work that the individual staff member carries out while employed by the CCG. The staff member must make it clear to the third party organisation that they are undertaking the work as a private person and not as an agent or representative of the CCG and the work must not conflict with the aims and policies of the CCG.

7.2 Staff should declare any existing outside employment on appointment and any new outside employment when it arises. Where a risk or conflict of interest is identified, the general management actions outlined in this guidance is to be considered and applied to mitigate the risk.

## 8. **PROCUREMENT DECISIONS**

8.1 Procurement is to be managed in an open and transparent manner, compliant with procurement and other relevant law, to ensure there is no discrimination against or in favour of any provider. Records are to be kept that show a clear audit trail of how conflicts of interest have been identified and managed as part of the procurement process. At every stage of the procurement process steps should be taken to identify and manage conflicts of interest to ensure and to protect the integrity of the process. NHS Improvement and NHS England have published detailed and specific guidance on the procurement process.

8.2 In accordance with *NHS England: Managing Conflicts of Interest Statutory Guidance (revised 2016)*, the CCG will maintain and publish a register of all procurement decisions.

## 9. **CONSULTATION**

All staff and officers of the CCG are to be consulted on this policy.

## 10. **TARGET AUDIENCE**

The target audience for the policy is the CCG Governing Body, members of staff and any other person working on behalf of the CCG or members of the CCG committees.

## 11. **COMMUNICATION**

The policy will be sent to members of the Governing Body and the wider CCG membership via email and placed on the CCG intranet site.

## **12. TRAINING**

CCG employees, governing body members, members of CCG committees and sub-committees and practice staff with involvement in CCG business will be required to complete an NHS England online training package (once available) on an annual basis. This will need to be completed by all staff by 31 January of each year. The CCG will be required to record their completion rates as part of their annual conflicts of interest audit.

## Appendix 1

# Declaration of Interest

## Berkshire West CCG

### **Member, governing body member, committee and sub-committee member and employee declaration form: financial and other interests**

This form is required to be completed in accordance with the CCG Constitution.

#### **Notes:**

- Within 28 days of a relevant event, CCG members, the members of its Governing Body, members of its committees or sub-committees (including those of its Governing Body) and employees need to register their financial and other interests.
- If any assistance is required in order to complete this form, then the member or employee should contact the Head of Corporate Affairs on behalf of the CFO as Director responsible for Corporate Governance.
- The completed form should be sent by both email and signed hard copy to the Head of Corporate Affairs.
- Any changes to interests declared must also be registered within 28 days of the relevant event by completing and submitting a new declaration form.
- The register will be published or otherwise made accessible to members of the public on request.
- Governing Body members, committee and sub-committee members and employees completing this declaration form must provide sufficient detail of each interest so that a member of the public would be able to understand clearly the sort of financial or other interest that person has and the circumstances in which a conflict of interest with the business or running of the CCG might arise.
- If in doubt as to whether a conflict or potential conflict of interests could arise, a declaration of the interests should be made.

#### Interests that must be declared:

1. Roles and responsibilities held within member practices;
2. Directorships, including non-executive directorships, held in private companies or PLCs;
3. Ownership or part-ownership of private companies, businesses or consultancies likely or possibly seeking to do business with the CCG;
4. Shareholdings (more than 5%) of companies in the field of health and social care;
5. Positions of authority in an organisation (e.g. charity or voluntary organisation) in the field of health and social care;
6. Any connection with a voluntary or other organisation contracting for NHS services;
7. Research funding/grants that may be received by the individual or any organisation they have an interest or role in; and
8. Any other role or relationship which the public could perceive would impair or otherwise influence the individual's judgement or actions in their role within the CCG whether such interest are those of the individual themselves or a family member, close friend or other acquaintance of the individual

### Types of Interest - Declaration of Interest

Type of Interest	Description
<b>Financial Interests</b>	<p>This is where an individual may get direct financial benefits from the consequences of a commissioning decision. This could, for example, include being:</p> <ul style="list-style-type: none"> <li>• A director, including a non-executive director, or senior employee in a private company or public limited company or other organisation which is doing, or which is likely, or possibly seeking to do, business with health or social care organisations;</li> <li>• A shareholder (or similar owner interests), a partner or owner of a private or not-for-profit company, business, partnership or consultancy which is doing, or which is likely, or possibly seeking to do, business with health or social care organisations</li> <li>• A management consultant for a provider;</li> <li>• In secondary employment (see paragraph 56 to 57)</li> <li>• In receipt of secondary income from a provider;</li> <li>• In receipt of a grant from a provider;</li> <li>• In receipt of any payments (for example honoraria, one off payments, day allowances or travel or subsistence) from a provider;</li> <li>• In receipt of research funding, including grants that may be received by the individual or any organisation in which they have an interest or role; and</li> <li>• Having a pension that is funded by a provider (where the value of this might be affected by the success or failure of the provider).</li> </ul>
<b>Non-Financial Professional Interests</b>	<p>This is where an individual may obtain a non-financial professional benefit from the consequences of a commissioning decision, such as increasing their professional reputation or status or promoting their professional career. This may, for example, include situations where the individual is:</p> <ul style="list-style-type: none"> <li>• An advocate for a particular group of patients;</li> <li>• A GP with special interests e.g., in dermatology, acupuncture etc.</li> <li>• A member of a particular specialist professional body (although routine GP membership of the RCGP, BMA or a medical defence organisation would not usually by itself amount to an interest which needed to be declared);</li> <li>• An advisor for Care Quality Commission (CQC) or National Institute for Health and Care Excellence (NICE);</li> <li>• A medical researcher.</li> <li>• The development and holding of patents and other intellectual property rights which allow staff to protect something that they create, preventing unauthorised use of products or the copying of protected ideas; or</li> <li>• GPs and practice managers, who are members of the governing body or committees of the CCG, should declare details of their roles and responsibilities held within their GP practices.</li> </ul>
<b>Non-Financial Personal Interests</b>	<p>This is where an individual may benefit personally in ways which are not directly linked to their professional career and do not give rise to a direct financial benefit. This could include, for example, where the individual is:</p> <ul style="list-style-type: none"> <li>• A voluntary sector champion for a provider;</li> <li>• A volunteer for a provider;</li> <li>• A member of a voluntary sector board or has any other position or authority in or connection with a voluntary sector organisation;</li> <li>• Suffering from a particular condition requiring individually funded treatment;</li> <li>• A member of a lobby or pressure groups with an interest in health.</li> </ul>

<b>Indirect Interests</b>	This is where an individual has a close association with an individual who has a financial interest, a non-financial professional interest or a non-financial personal interest in a commissioning decision (as those categories are described above). For example, this should include: <ul style="list-style-type: none"><li>• Spouse/partner;</li><li>• Close relative e.g., parent, grandparent, child, grandchild or sibling;</li><li>• Close friend; or Business partner.</li></ul>
